Anshuman Gupta

E-mail: anshumangupta2004@yahoo.co.in
Mobile: +91 98600 91987

Objective

To work in a competitive environment which utilizes my skills and gives me an opportunity to excel.

EDUCATION

Exam	College/University	Marks
M.Sc. Computer Application	Symbiosis International University	59.3%
BCA	Nagpur University	51.9%
HSC	Maharashtra Board	60%
SSC	C.B.S.E	63.2%

Trainings Attended

- Software Testing : Completed Software Testing program at Seed Infotech, Pune
- Programming: Completed Core Java program at Concourse, Nagpur

Certifications

- ISTQB Certified Tester (Foundation Level) – 12/2013.
- Sun Certified Java Programmer – 03/2009.

Technical Skills

Software Testing: Manual Testing, Automation Testing (basics)

Programming Languages: C, C++, Java (SE)

Database: ORACLE, MySQL

Web Technologies: HTML, JavaScript

As part of Training in Software Testing, I underwent intensive Training on Software Testing as

detailed below,

- Requirement Analysis

- Identification of Test Scenarios

- Test Case Authoring

- Test Case Design Techniques

- Test Execution

- Reporting and Tracking Defects

- Working with Configuration Management Tools

Academic Project:

Project Name: Vaccination Scheduler

Duration: 6 months

Role: Coding and Testing

Technologies: Java EE, Oracle

Description: The project was during the 4th semester of my M.Sc. (CA). The aim of the project was to automate the existing manual system of scheduling vaccinations for a child. The application would take the date of birth of a child to calculate the current age of the child. And based on the vaccine history and age, it would notify the parent via email and SMS.
